# A theological vision for Mission

Compelled by the love of Christ,  
recognising the plight of the lost  
and feeling the urgency of the task...

**we strive to create for our non-Christian  
family members, friends and contacts  
repeated, sustained and meaningful  
encounters with the true Word of God  
and the authentic People of God...**

...prayerfully depending on the Lord who  
is sovereignly working to save a people  
for his own glory.
